

For Your Further Information

1. Apart from 62p stamps, we can supply most stamps at 80% face value. Values exist in 1p increments up to 45p. We can provide stamps for all postage rates: please enquire by phone, fax or email.
2. A charge of £1.00 for postage & packing applies to all orders. For urgent orders you may pay £7.50 for special delivery to guarantee next working day delivery. Special delivery is utilised without extra charge on orders £240.00 and above.
3. **Online Banking** Email us your order (no order form is required) and we will provide our account details. This is the quickest and most secure way to order. You may also order by email and pay over the counter at Lloyds Bank – see reverse of Order Form. If you send a cheque, make your cheque payable to ISLE OF MAN SALES LTD and for extra security write between the crossing lines LLOYDS BANK PLC.
4. If you have a preference between loose stamps (mixed designs) and stamps in sheets, let us know. If particular supplies are out of stock, we will supply the nearest available. Except where special prices apply, we try to supply your order with as few values as practicable.
5. We are sometimes asked about stamps with ½p in the value. Such stamps are valid for their full face value. We have placed a copy of the IoM Post Office release to that effect on our website at www.manxlines.co.uk/HalfPennyValidity.jpg
6. We aim to despatch your order within 48 hours subject to holidays. Our supplies are from surplus philatelic holdings and therefore are subject to stock.
7. To house your stamps, we can supply stockbooks for £5.00.
8. For current information including special offers, visit our website at www.iomstamps.co.uk
